

# T-SHIRT ORDER FORM

Imperial Valley Discovery Zone (IVDZ) is a STEM program of Imperial Unified School District. Our mission is to increase STEM literacy in our area. We do this by working with High School Explainers to facilitate lessons to elementary students, operating a makerspace at IHS, and presenting student-built interactive exhibits to the public.

Our mission is supported by Imperial Unified School District, however we rely on grants and donations to allow our students to create exhibits, pursue individual projects, and conduct STEM field trips.

White short sleeve - \$10.00 Ea., 2 for \$18.00
